

## LIST OF INJECTION:- MAXHEAL LABORATORIES PVT LTD

| SR. NO | PRODUCT NAME                                                                                                                                                                                                                                                                                                       |
|--------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.     | <b>DICLOFENAC SODIUM INJ USP 25MG/ML, 3ML Ampoule/30 ML Vial.</b><br>Each ml contains:<br>Diclofenac Sodium USP.....25 mg<br>Propylene Glycol USP.....20 %<br>Benzyl Alcohol USP .....4.00 %<br>Water for Injection USP.....Q.S.                                                                                   |
| 2.     | <b>LIGNOCAINE HCL INJ. BP 2% W/V 30ML VIAL</b><br>Each ml contains:<br>Lignocaine BP.....2% W/V<br>Sodium chloride BP.....6.0 mg<br>Sodium Metabisulphite BP.....0.5 mg<br>Methyl Paraben BP .....1.0 mg<br>Water for Injection USP.....Q.S.                                                                       |
| 3.     | <b>LIGNOCAINE WITH ADRENALINE INJ. BP 30ML VIAL</b><br>Each ml contains:<br>Lignocaine HCL BP.....21.3 mg<br>ADRENALINE Bitartrate<br>eq. to Adrenaline BP.....0.0225mg<br>Sodium chloride BP.....6.0 mg<br>Sodium Metabisulphite BP .....0.5 mg<br>Methyl Paraben BP.....1.0 mg<br>Water for Injection BP.....Q.S |
| 4.     | <b>PARACETAMOL INJ BP 150MG/ML,10/30 ML Vial</b><br>Each ml contains:<br>Paracetamol BP.....75 mg<br>Propylene glycol BP.....57%<br>Polyethylene glycol BP.....12%<br>Benzyl Alcohol BP.....2%<br>Water for Injection BP.....QS                                                                                    |
| 5.     | <b>VITAMIN B-COMPLEX INJ. BP /10 MI Vials/ 2 ml Amp.</b><br>Each ml contains:<br>Vitamin B1 BP.....10 mg<br>Vitamin B2 BP.....2 mg<br>Vitamin B6 BP.....2 mg<br>Niacinamide BP.....100 mg<br>D Panthenol BP.....5 mg<br>Cyanocobalamine (B12) BP....100 mcg<br>Water for Injection BP.....Q.S.                     |
| 6.     | <b>CHLORPHENIRAMINE MALEATE INJECTION 10 MG/ML USP,30 ML Vials</b><br>Each 2 ml contains:<br>Chlorpheniramine Maleate USP.....10 mg<br>Benzyl Alcohol USP.....1%<br>Water for Injection USP.....Q.S.                                                                                                               |
| 7.     | <b>BUPIVACAINE INJ. USP 5MG/ML. 10ML, 20ML,30ML Vial</b><br>Each ml contains:<br>Bupivacaine USP.....5 mg<br>Sodium Chloride USP.....4 mg<br>Water for Injection USP....QS                                                                                                                                         |

|     |                                                                                                                                                                                                                                                    |
|-----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8.  | <b>CHLOROQUINE PHOSPHATE INJ. USP 5 ML/30 ML VIAL</b><br>Each ml contains:<br>Chloroquine Phosphate.....40.0 mg<br>Benzyl Alcohol USP.....2%<br>Water for Injection USP.....Q.S.                                                                   |
| 9.  | <b>GENTAMYCIN SULPHATE INJ BP 40MG/ML 2 ML/10ML /20ML/30ML Vials</b><br>Each ml contains:<br>Gentamycin Sulphate<br>eq. to Gentamycin BP.....40 mg<br>Methyl Paraben BP.....1.8 mg<br>Propyl Paraben BP.....0.2mg<br>Water for Injection BP.....QS |
| 10  | <b>GENTAMYCIN SULPHATE INJ BP 40MG/ML, 2ML AMP</b><br>Each ml contains:<br>Gentamycin Sulphate eq. to<br>Gentamycin BP.....40 mg<br>Methyl Paraben BP.....1.8 mg<br>Propyl Paraben BP.....0.2 mg<br>Water for Injection BP.....QS                  |
| 11. | <b>AMIKACIN SULPHATE INJ. USP 100 MG / 2ML VIAL</b><br>Each ml contains:<br>Amikacin sulphate USP.....50 mg<br>Methyl paraben USP.....0.8 mg<br>Water for Injection USP.....QS                                                                     |
| 12  | <b>AMIKACIN SULPHATE INJ. USP 100 MG / 2ML AMPS</b><br>Each ml contains:<br>Amikacin sulphate USP.....50 mg<br>Methyl paraben USP.....0.8 mg<br>Water for Injection USP.....Q.S                                                                    |
| 13. | <b>AMIKACIN SULPHATE INJ. USP 250MG / 2ML AMP/VIAL</b><br>Each ml contains:<br>Amikacin sulphate USP.....125 mg<br>Methyl paraben USP.....0.8 mg<br>Water for Injection USP.....Qs                                                                 |
| 14. | <b>AMIKACIN SULPHATE INJ. USP 500MG / 2ML AMP/VIAL</b><br>Each ml contains:<br>Amikacin sulphate USP.....250 mg<br>Methyl paraben USP.....0.8 mg<br>Water for Injection USP.....QS                                                                 |
| 15. | <b>ADRENALINE BITARTARATE INJ. USP 1MG/ML, 1 ML AMP</b><br>Each ml contains:<br>Adrenaline Bitartarate USP.....1 mg<br>Water for Injection USP.....Q.S.                                                                                            |
| 16. | <b>ARTEMETHER INJ BP 80MG/ML, 1 ML AMP.</b><br>Each ml contains:<br>Artemether BP.....80 mg<br>Arachis oil BP.....Q.S.                                                                                                                             |

|     |                                                                                                                                                                                     |
|-----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 17. | <b>ARBITER INJ (ALPHA BETA ARTE-ETHER INJ.) BP 75MG/ML,2ML AMP</b><br>Each ml contains:<br>Alpha-Beta-artether BP.....75 mg<br>Arachis oil BP.....Q.                                |
| 18. | <b>BUPIVACAINE &amp; DEXTROSE INJ. USP 4 ML AMP</b><br>Each ml contains:<br>Bupivacaine HCL USP.....7.5 mg<br>Dextrose anhydrous USP.....82.5 mg<br>Water for Injection USP.....Q.S |
| 19  | <b>AMINOPHYLINE INJECTION BP 25MG/ML 10 ML AMP</b><br>Each ml contains:<br>Aminophylline Anhydrous USP.....25 mg<br>Water for Injection USP.....Q.S                                 |
| 20  | <b>SODIUM CHLORIDE INJECTION BP 0.9% W/V 10 ML AMP.</b><br>Each ml contains:<br>Sodium Chloride BP.....0.9% W/V<br>Water for Injection BP.....Q.S                                   |
| 21  | <b>DICYCLOMINE HCL INJ. USP 10MG/ML, 2 ML AMP</b><br>Each ml contains:<br>Dicyclomine HCL USP.....10 mg<br>Sodium Chloride USP.....1%<br>Water for Injection USP.....Q.S            |
| 22. | <b>FUROSEMIDE INJECTION BP 10MG/ML, 2 ML Ampoule</b><br>Each ml contains:<br>Furosemide USP.....10 mg<br>Water for Injection USP.....Q.S                                            |
| 23. | <b>HYOSCINE BUTYLBROMIDE INJ. USP 20MG/ML,1 ML Ampoule</b><br>Each ml contains:<br>Hyoscine Butyl bromide USP....20mg<br>Water for Injection USP.....Q.S                            |
| 24. | <b>METOCLOPRAMIDE INJ. USP 5MG, 2 ML AMPS.</b><br>Each ml contains:<br>Metoclopramide USP.....5 mg<br>Water for Injection USP.....QS                                                |
| 25. | <b>METHYLCOBALAMIN INJ.USP 500 MCG/ML,1 ML Ampoule</b><br>Each ml contains:<br>Methyl Cobalamin USP.....500mcg<br>Benzyl Alcohol BP.....2%<br>Water for Injection USP.....Q.S.      |
| 26  | <b>METHYLCOBALAMIN INJ.USP 1000 MCG/ML,1 ML Ampoule</b><br>Each ml contains:<br>Methyl Cobalamin USP.....1000mcg<br>Benzyl Alcohol BP.....2%<br>Water for Injection USP.....Q.S.    |

|     |                                                                                                                                                                                                                                                                                                                                                                                                         |
|-----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 27. | <p><b>ONDANSETRON INJ. USP 2MG/ML, 2/4 ML Ampoule</b></p> <p>Each ml contains:</p> <p>Ondansetron HCL (Dihydrate) eq. to</p> <p>Ondansetron USP.....2mg</p> <p>Sodium Chloride BP.....8.3 mg</p> <p>Citric Acid Monohydrate.....0.5 mg</p> <p>Sodium Citrate Dihydrate BP.....0.25 mg</p> <p>Methyl Paraben BP.....1.2 mg</p> <p>Propyl Paraben BP.....0.15 mg</p> <p>Water for Injection BP.....QS</p> |
| 28. | <p><b>PENTAZOCINE LACTATE INJ. USP 30MG, 1 ML AMP</b></p> <p>Each ml contains:</p> <p>Pentazocine Lactate eq. to</p> <p>Pentazocin base USP.....30 mg</p> <p>Sodium Bisulfite USP.....2 mg</p> <p>Sodium Chloride USP.....15 mg</p> <p>Methyl Paraben USP.....1 mg</p> <p>Water for Injection USP.....QS</p>                                                                                            |
| 29. | <p><b>PROMETHAZINE INJ USP 25MG/ML, 2ML AMP.</b></p> <p>Each ml contains:</p> <p>Promethazine HCL USP.....25 mg</p> <p>Disodium Edetate USP.....0.1 mg</p> <p>Calcium Chloride USP.....0.04 mg</p> <p>Sodium Metabisulphite USP....0.25 mg</p> <p>Water for Injection USP.....QS</p>                                                                                                                    |
| 30. | <p><b>KETOROLAC TROMETHAMINE INJ USP 30MG/ML,1 ML AMP</b></p> <p>Each ml contains:</p> <p>Ketorolac Tromethamine USP.....30mg</p> <p>Benzyl alcohol USP.....4.00%</p> <p>Sodium Chloride USP.....4.25 mg</p> <p>Water for Injection USP.....QS</p>                                                                                                                                                      |
| 31. | <p><b>RANITIDINE HYDROCHLORIDE INJ. USP 25MG,2 ML AMP</b></p> <p>Each ml contains:</p> <p>Ranitidine Hydrochloride USP.....25 mg</p> <p>Phenol USP.....5 mg</p> <p>Water for Injection USP.....QS</p>                                                                                                                                                                                                   |
| 32. | <p><b>TRAMADOL INJ. BP 50MG/ML, 2 ML AMP</b></p> <p>Each ml contains:</p> <p>Tramadol BP.....50 mg</p> <p>Water for Injection BP.....QS</p>                                                                                                                                                                                                                                                             |
| 33. | <p><b>POTASSIUM CHLORIDE INJECTION. USP 15%,10 ML Ampoules</b></p> <p>Each ml contains:</p> <p>Potassium Chloride USP.....15%</p> <p>Water for Injection USP.....QS</p>                                                                                                                                                                                                                                 |
| 34. | <p><b>SODIUM BICARBONATE INJECTION BP 8.4%, 10 ML Ampoule</b></p> <p>Each ml contains:</p> <p>Sodium Bicarbonate BP.....84 mg</p> <p>Water for Injection BP.....QS</p>                                                                                                                                                                                                                                  |

|     |                                                                                                                                                                                              |
|-----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 35. | <b>CALCIUM GLUCONATE INJECTION. USP 10%, 10 ML Amp</b><br>Each ml contains:<br>Calcium Gluconate USP.....9.50%<br>Calcium D-Saccharate USP.....0.05%<br>Water for Injection USP.....QS       |
| 36. | <b>Iron sucrose injection USP 50mg/ml 5 ML AMP</b><br>Each ml contains:<br>Ferric Hydroxide in complex with sucrose<br>Eq. to Elemental Iron USP.....20 mg<br>Water for Injection USP.....QS |
| 37. | <b>CHLORAMPHENICOL SODIUM SUCCINATE POWDER FOR INJ BP 1 GM</b><br>Each Vial contains:<br>Chloramphenicol Sodium Succinate<br>eq. to Chloramphenicol BP.....1 gm                              |
| 38. | <b>THIOPENTAL SODIUM POWDER FOR INJ BP 500 MG</b><br>Each Vial contains:<br>Thiopental Sodium BP.....500 mg                                                                                  |
| 39  | <b>THIOPENTAL SODIUM POWDER FOR INJ BP 1GM</b><br>Each Vial contains:<br>Thiopental Sodium BP.....1 gm                                                                                       |
| 40  | <b>STREPTOMYCIN SULPHATE POWDER FOR INJECTION USP 750 MG</b><br>Each Vial contains:<br>Streptomycin Sulphate eq. to<br>Streptomycin Base USP.....750 mg                                      |
| 41  | <b>CAPREOMYCIN SULPHATE POWDER FOR INJ USP 500MG</b><br>Each Vial contains:<br>Capreomycin Sulphate eq. to<br>Capreomycin Base USP.....500 gm                                                |
| 42  | <b>CAPREOMYCIN SULPHATE POWDER FOR INJ USP 1GM</b><br>Each Vial contains:<br>Capreomycin Sulphate eq. to<br>Capreomycin Base USP.....1 gm                                                    |
| 43  | <b>PANTOPRAZOLE SODIUM POWDER FOR INJ BP 40MG</b><br>Each Vial contains:<br>Pantoprazole Sodium BP.....40 mg                                                                                 |
| 44  | <b>Artesunate Inj BP 30mg</b><br>Each Vial contains:<br>Artesunate BP.....30 mg                                                                                                              |
| 45  | <b>Artesunate Inj BP 60 mg</b><br>Each Vial contains:<br>Artesunate BP.....60 mg                                                                                                             |
